# Were Only Human: Developing Reasonable Expectations Of Our Species (#practicalreality) (Volume 2)

When was the last time you told someone, Hey, Im only human? Most likely it was an occasion when you didnt meet someones expectations. Im only human is an appeal. Were asking our spouse, friend, or boss to be reasonable. None of us is perfect. We all have limits. Were asking the person weve let down not to expect more of us than they do of themselves. Sometimes we find it difficult to put up with one anothers humanity. Its especially difficult when the other person is different from us. We label them by language, nationality, ethnicity, and gender. These labels blind us to an important fact. Were all only human.
