

The Diabetics Bible: Treatment, Care and Management of Diabetes for Longer, Healthier Life (Living with Diabetes Book 2)

Live a near-normal life, even with diabetes! Each of us probably knows someone who has diabetes, and we know how these diabetics try so hard to live a normal life. But with the various myths and beliefs about this condition, it gets a little bit confusing as to what is true about diabetes. With this book, you will:

- * identify the big three symptoms of diabetes
- * get to know the risk factors that could predispose you to diabetes
- * learn how to perform proper screening of diabetes
- * take control of diabetes
- * manage diabetes

Whats Inside? Diabetes used to be associated with rich and affluent alone, but nowadays, anyone can have this condition. This is most probably due to the dietary culture of today, what with the fast foods, sweets and luxury that we have at our disposal. So how are we going to combat diabetes? This book contains:

- * tests you can take to screen yourself for diabetes
- * the warning signs to take note of signaling diabetes
- * the little-known factors affecting the rise and fall of blood sugar levels
- * basic components you will need for your treatment plan
