

## A Carpet of Purple Flowers

No one expects to bump into supernatural beings. A paranormal romance about love, magic, and ultimately, karma. Bea lives a simple life residing in a London second-hand bookshop. It had been an especially difficult year, especially splitting up with Brandon, her philandering, druggie ex. The shops calm was all she desired, but a rare night out brings with it enormous change in the form of two men who will impact Bea's life forever. Bea's quiet existence turns into turmoil as she slowly starts to unravel a secret past, and strange visions and mysterious journals left anonymously at the shop taking her on a sacred journey of infinite possibility. Bea realizes that no matter what form your soul takes, there are consequences for your actions will she cope with the heartbreak and truths before her and find genuine happiness in her existence?
