

A Companion to Matthew ? : An Accessible Guide to the Book of Matthew (Companion to the New Testament 1)

Different from other commentaries, this volume sets aside the underbrush of modern Biblical scholarship to guide the reader on the straight path to an understanding of the Gospel of Matthew. The reader is invited to read the Gospel as it appears in the New Testament, discovering the truth of its meaning and message. The Companion walks with the reader, rather than running ahead or off the path. By doing so, it leads the reader of the Gospel to an understanding of what it meant for the original readers and what it means for us today. In doing so, it reaches conclusions that may surprise, but will always inform.
