

Keep the Faith, Ellen McGuire (Stellas Falls Series Book 1)

Ellen, a struggling single mom, only has one wish for Christmas; a better life for her children. A factory job, two states away, becomes available and Ellen uproots her family hoping for a new beginning. The plant manager, Tom, is one of the most handsome and nicest men Ellen has ever met. She gets butterflies every time he is near, but he doesn't even notice her. Two weeks before Christmas, the owner of the factory fires fifty percent of the people working there. As Ellen desperately looks for work in the small town, her faith wains. Enter Maggie, an angel in training who is sent to help Ellen restore her faith and get the family through the holidays. Magical things happen to those who believe. Wishes can come true and romance can become a reality when you least expect it.
