

Menage Romance: Biker Romance: Claimed By The Biker Twins (Bear Shifter Bad Boy Paranormal Romance) (Love Triangle Menage Contemporary Romance)

Twins Are Twice The Fun... Or Are They Twice The Trouble??? Carol Burton had always been unlucky in love and she had no idea what she was doing wrong. She's the main character in this short story, and she may not have been for everyone, but surely there was somebody out there that wanted her for who she was and not what they wanted her to be. Carol thought that her options were limited, but her friend Tammy put her on to a speed dating night. At first, she is reluctant to take such a drastic step, but her desperation forces her to do something totally off the wall. The pickings are slim until she meets Jesse Peters and his twin brother Jacob. She thinks that it's a joke that they are here together and the looks that they have received have not been kind. They have tattoos, long hair and beards to match their surly attitude and dominant will. They are soon embarking on an unconventional relationship with Jesse hiding a secret that not even his brother knows about. Can she truly be in love with two at the same time?
