

Wind Over Troubled Waters

Corn World. Britland. After the great flood, only memories, debris and derelict buildings speak of a past civilization. Visions of these disturbing times haunt Cerridwen's dreams. When her dying mother sends Cerridwen to find a mural in Saint Eyes and lead Britland into a better future, the young healer has little choice but to set out on a life-changing quest. Her ability to perceive auras convinces her to accept nature-attuned Trevlys offer of protection. Bent on adventure and enthralled by the promise of treasure, beautiful Sasha, cunning Aron and uncut Boris join forces to get the most out of life. Their selfish plans collide with Cerridwen's when they learn about a powerful ring and a mural pointing the way to its location.
