

The Boardinghouse: A Return To Ivy Log

The humdrum of Ivy Log, Georgia, explodes with passion and heartache when mountain-man Wiley Hanson leaves his idyllic life high in the Appalachians and falls in love with seductive redhead Paula Jennings AND irresistible mixed-blood Pyune Murphy. The Boardinghouse, the second novel in author Sue Chamblin Fredericks Ivy Log Series, returns to the little mountain town, this time in the dead of winter, and unleashes a flurry of turmoil when Wiley has to choose between lust and love and the townsfolk have to make a decision that makes his choice pale by comparison. The unforgettable characters you loved in Grandma Takes A Lover send you on a wild ride down the snow-covered mountains to the New York headquarters of Bakers World Magazine and on to the campus of Harvard University before ultimately returning to the hot fires of The Boardinghouse kitchen as one way or another peace returns to Ivy Log . . . or does it?
