

## Star Gliding

Kerryn Ackerley has the perfect life: a loving family, fun best friend, and a popular boyfriend every girl in the school wants. Except shes pretty sure she wants something more. Her life is turned upside down the night she sees a shooting star and meets a mysterious (and cute) boy named Micah. Suddenly Kerryn is torn between two worlds-an average life of high school and homework, and a life full of royal balls, stars, and newly found romance.
