

Charmed Liaison

Her life had been colored; molded by her husband to appear perfect. It took his death for her to see the truth. Kenzie was chosen for one reason and one reason only as he had lived a life of deceiving those around him. The truth merely to be discovered after Holden appeared in her life again. Kenzie Jameson had watched as her husband, Trent, had been robbed and murdered after discovering that they were going to have their first baby. Her life had been destroyed for a mere hundred dollars or that had been what she thought. What she was to discover broke her heart as she tried to take care of her mother and welcome her baby into the world by herself. It was a struggle for her to accept the help offered to her from her husbands long-time friend, but Holden wouldn't give up. He stuck with her through the thick and thin as they discovered Trent's other life. A turn of events would make Holden wonder about his loyalty to Trent, and cause his feelings for Kenzie to surface from the depths of his soul. Would Kenzie stop fighting herself long enough for Holden to declare his love?
