

Practical Ways To Make Her Like You: by Jane Evergren

A relationship has various stages. The first stage is the mad infatuation/attraction phase when you see nothing but positives in each other. This stage can last for anywhere between 2 months to a year and a half (typically). Every relationship starts with this stage, which then gradually culminates into (or doesn't culminate into) a stable partnership, complete with mutual understanding, appreciation of each other needs and some compromises (We all know there's no perfect relationship with zero compromises from either side). This topic covers the essential human endeavor of finding someone you can be happy with, keeping them and yourself happy during the relationship, Step 1 and 2 - about you Step 3 to 15 - are the things you may want to try doing Step 16 to 18 - are the don'ts you must absolutely refrain from. No one can look great, have a perfect home, perfect kids, job, and friends and be happy all the time. Believe me, I've tried. You're going to lose a job, have money problems, have a death in the family, bury a pet, lose your hair, get wrinkles, have diarrhea, vomit, forget deodorant, put your foot in your mouth, leave the seat up and spill stuff on the sofa. The article is based on general issues and complaints faced by couples and the behavioral therapy inculcated in the attitude of the partners to make a relationship work. You don't need to be a Super Hero to get the right girl. The Right Girl will make a superhero of You. (yeah-Deadpool guy) For that, Find her, Talk to her, woo her and one day, if it is meant to be it will happen...
