

## Cursed: The Soulseer Chronicles Book 2

Lucky knows she has some hard choices to make: will it be Jinx, the sexy Deathbringer, or Jamie, the gorgeous Guardian? But before she can even start to enjoy life in the Underlands, her sisters men are slain and Kayla herself is kidnapped by the Sicarii, assassins-for-hire member of a death-cult. They can't be working for Lucky's nemesis, for Henri le Dent is being held in the courts dungeons, at least according to court torturer Amiel Cherour - but the Chambers of Rectification are empty, both Amiel and Henri have fled and it soon becomes clear that Kayla is just bait to catch Lucky. Lucky's emerging powers are growing, and Amiel intends to use her for his own nefarious purposes - though first he has to get past her Guards, not to mention Lucky herself.
