

Baer Necessities (The Three Baers) (Volume 2)

One of them will be just right. Connor Baer left the ranch to see the world. He wanted no part of being stuck on a ranch the rest of his life. As the eldest brother, he was supposed to be the one that stayed, instead he took the first opportunity to leave. Jessie McIvey wasn't far behind. Her parents had come west before she was born, and the small town was nice, but she wanted to see the world, not just one corner of it. And she certainly didn't want any overbearing, bossy, cowboy in her future. But sometimes the things your heart wants the most, is the thing you've had all along. Two people left one small town to find what their hearts were searching for only to find everything they'd ever wanted right in their own backyard. Sometimes you get to keep your boots, Sometimes you got nothing left but your spurs, And sometimes neither one is as important as staying true to your soul.
