

## Death by Social Suicide

The night Brittany Wakefield kissed her best friend, Jaime, she lost everything. Who knew one amazing moment could send him running spinning a web of deceit and avoidance for two years. Stepping onto campus, she's ready to win him back, even if it involves pledging a sorority she has no interest in. Erik Draxton fell hard for Brit the moment she walked into the art room. With vibrant purple hair, music in her veins and a rebellious flair, she's all he's ever wanted. While Jaime shrouds himself in secrets, Brit finds herself longing even more to be a part of his world. Unable to watch the girl of his dreams get tossed to the side, Erik decides to take matters into his own hands. But when Erik crosses a line, Brit feels backed into a corner, and discovering Jaime's secret leaves her devastated. With a shattered heart from Jaime, and the risk of losing Erik on the horizon, she knows one thing: navigating the social circles can be a suicide mission.
