

Building on Faith (Ties to Ireland Trilogy Book 2)

Jennifer is good at ferreting out where trouble lies. But this time protecting the man she loves will put her in more danger than she ever dream. Jennifer Brooks can't wait to see Ryan Follett, the redhead with dancing blue eyes she fell hard for six weeks earlier when they met in Dublin. But when Ryan arrives in the States accompanied by two coworkers including the shadowy Mark Garrett, he covertly slips computer disks to her, asking her to guard them with her life. Jennifer shivers. I have a feeling he doesn't trust the men who traveled with him. Once they're at a safe location, she learns the truth. Ryan, the architect of an award-winning arena in Dublin, has discovered that the construction materials ordered are inferior, not the ones he specified. The roof could collapse, injuring or killing hundreds of people, and he'd be responsible. Armed with the tactics of a listening-device class, Jennifer launches on a quest to find the troublemakers while Ryan returns to Ireland to redesign and strengthen the building. The intricate web of fraud she and her attorney brother discover will have shocking consequences. Ties to Ireland Trilogy. Romance and intrigue in the heart of Ireland.
