

Man Hunt (The Azarian Trilogy Book 1)

It has been six thousand years since the last war to vanquish all men from Azaria. When one man is foolish enough to arrive on the planet, Azaria's top bounty hunter, Leah, is sent by the High Court to capture him. She must do so within five days or another bounty hunter, Britha, will be sent after them both. All Leah knows of men are tales from her childhood about how beastly and dangerous they are. What she doesn't know is that the man, Ayden, has been sent to find her to fulfill an ancient prophecy. By the two of them coming together, women and men can one day be united on Azaria once more. And their coming together raises emotions and sensations she could never have expected.
