

Facelifts: Everything You Always Wanted to Know

Where to get one. How to find a doctor. Qualifications and how to check them out. How much. How to tell the difference between the charlatans and the experts. Plastic surgery or chemosurgery, the benefits and shortcomings of each. Should you or shouldn't you?...Plus answers to dozens of questions by the woman who really knows. Norma Lee Browning lives in the facelift capital of the world, Palm Springs, California, where a new face is unveiled daily. She is in a unique position to discuss the physical as well as the psychological and social motivations of facelifting, from the points of view of both the lifter and the liftee. Ms. Browning is a well-known investigative reporter who has written eleven previous books, among them *The Masters Way to Beauty* (with George Masters), *Millers High Life* (with Ann Miller) and *The Psychic World of Peter Hurkos*.
