

Sophie Mitchell may be the top marksman on her high school rifle team, but she has bad aim when it comes to boys. Her best friend Cory tells her that she doesn't have to date, but how else is she supposed to fit in? Even her own mother thinks she's eccentric. What seventeen-year-old girl isn't interested in romance? So Sophie resolves to date even while she remains bullet-proofed from love. As Cory observes her amorous adventures from downrange, he worries that, these days, Cupid might be making armor-piercing bullets. *Off Target* is a sweet and funny coming-of-age story that can appeal to readers of young adult romance, new adult romance, romantic comedy, or cotemporary romance. The story will speak to anyone, young or old, who has ever learned through love.
