

## Crucifying Christianity: The Final Nail

This body of work dissects and highlights the flaws and contradictions in the Christian doctrine, weighs that doctrine against known science, examines the historical role that Christianity has played, provides logical arguments against Christianity and illustrates why Christianity cant be accepted as truth. It is written in a style the reader is more able to relate with and learn from. The contents are organized in such a manner that it helps to ease the reader from one subject to the next. Ideas and evidence are thoroughly researched and presented so that the reader must do very little to verify the claims and evidence presented.
