

Heart of the Lilikoi

Human remains tangled in lilikoi roots bring the authorities to Kerala's construction site. Native Hawaiians say the passion fruit vine marks an ancient burial ground protected by guardian spirits, the aumakua. But these aren't ancestral bones. The fractured skull points to murder. Secrets, sabotage, and indigenous sovereignty campaigns hinder the project Kerala leads: building an eco-dream vacation home for Ravi, CEO of a solar power company. Proud to be a tough dyke in the trades, Kerala can't believe she's so hot for the masculine genderqueer scientist. Their sexual connection is volcanic, but Ravi's craving for love and family aggravates burn scars from Kerala's past. As the lovers pursue justice for Hawaii and its people, Ravi turns his gift for harnessing the sun's strength toward cultivating his own power, and Kerala wonders if building deep, lasting love could be even more satisfying than constructing a home to last the ages.
