

## The Ugly Side of Sex

DK Walker's first novel is a page turning shot, sure to be heard around the literary world. Delving deeply into sex and grown humor, it offers no apologies. Nicolas Andrews has embraced his sexual addiction for as long as he can remember. Like most addicts whose life is spiralling out of control, he makes a grave mistake. But this mistake costs someone else their life. Not murder, nor being faced with his own mortality can alter Nicolass decision to love what he has become... consequences be damned!
