

Ernestine (French Edition)

Extrait : Apres l'Italie, l'Angleterre et la Russie, peu de pays en Europe me paraisaient aussi curieux que la Suede; mais si mon imagination sallumait au desir de voir les contrees celebres dont sortirent autrefois les Alaric, les Attila, les Theodoric, tous ces heros enfin qui, suivis d'une foule innombrable de soldats, surent apprecier l'aigle imperieux dont les ailes aspiraient a couvrir le monde, et faire trembler les Romains aux portes memes de leur capitale; si d'autre part mon ame brulait du desir de senflammer dans la patrie des Gustave Vasa, des Christine et des Charles XII... tous trois fameux dans un genre bien different sans doute, puisque l'un illustra par cette philosophie rare et precieuse dans un souverain, par cette prudence estimable qui fait fouler aux pieds les systemes religieux, quand ils contrarient et l'autorite du gouvernement a laquelle ils doivent etre subordonnes, et le bonheur des peuples, unique objet de la legislation; la seconde par cette grandeur d'ame qui fait preferer la solitude et les lettres au vain eclat du trone... et le troisieme par ces vertus heroiques, qui lui meriterent a jamais le surnom d'Alexandre; si tous ces differents objets manimaient, dis-je, combien ne desirais-je pas, avec plus d'ardeur encore, d'admirer ce peuple sage, vertueux, sobre et magnanime, qu'on peut appeler le modele du Nord!...
