

Keeping in Condition: A Handbook on Training for Older Boys (Classic Reprint)

If a high standard of manhood is constantly before them, they will strive earnestly to achieve the qualities of manhood therein represented. They are eager for information which will explain how they may get their bodies into the best possible physical condition, how they may keep fit. While considerable material on athletic training, personal hygiene, and sex hygiene is now being published in books and magazines, no one has yet brought together in concise form for adolescent boys all the essentials of training for manhood. This little book is an attempt to set up an ideal of vigorous manhood and to supply the youth with the necessary information for its achievement. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
