

## A Dose of Passion (Kimani Hotties)

A prescription for sweet satisfaction Pediatrician Macy Carter has been so busy expanding her practice she's had no time to build the family she craves. Her late, much-loved surrogate father apparently had some matchmaking in mind when he arranged for a sexy architect to take over his home and company. Too bad Derek is a single dad who's been there, done that, and intends to remain unattached. Their priorities are totally out of sync. Their chemistry? Unbelievably potent. Thanks to his former mentor, Derek Logan just inherited an architectural business, a house and the gorgeous client next door. He's keeping away from forever relationships, but this doctor's sensual touch is addictive. Helping Macy build her dream medical complex awakens Derek to how much more he now wants out of life. But has he hesitated too long to prove he's ready for and deserving of her love?
