

Lessons After Dark

Smartly mixes history, action, romance, and magic. Publishers Weekly on *No Proper Lady*, a Best Book of the Year A woman with an unspeakable past Olivia Brightmore didn't know what to expect when she took a position to teach at Englefield School, an academy for gifted children. But it wasn't having to rescue a young girl who levitated to the ceiling. Or battling a dark mystery in the surrounding woods. And nothing could have prepared her for Dr. Gareth St. John... A man with exceptional talent He knew all about her history and scrutinized her every move because of it. But there was more than suspicion lurking in those luscious green eyes. Even with all the strange occurrences at the school, the most unsettling of all is the attraction pulling Olivia and Gareth together with a force that cannot be denied. Sexy, edgy, and stunningly inventive. Library Journal starred review on *No Proper Lady*, a Best book of the Year
