

Love in the Land of Blood and Bones (The Triple Towers Book 2)

They are no longer heroes... The survivors of the Great End were on the brink of death. Three towers were built with the last of the governments money and power. The wealthiest survivors were given residence within the Triple Towers. A wall of steel was constructed to surround them. Lorn is now exiled over that wall and his lover Kallen courageously follows. Kallen knows the dangers and violence that awaits them. He managed to survive a terrifying childhood in the wastrel camps. Its not just the sand that threatens their loveold enemies, former lovers and the traitor from the triple towers returns. Can they find love in the land of blood and bones?
