

## Maelstrom

A shot is fired into the still night air and a young woman dies on Suicide Ridge. A dangerous game has begun. Over the course of one blistering, hot week, winds of change sweep through an isolated valley in small town America. Sheriff Bert Calder, with the help of Mayor Amos Thatcher, has held the town of Haddon under his thumb for twenty-five years. As things spin out of control, Calder works the angles, ensuring he can make the most of the upheaval that is to come. Rafael Destino, facing his own mortality, races against time to gain control of the railroad a lifeline essential to the towns survival. His goal to financially destroy Thatcher, the man he believes responsible for the death of his beloved sister. His tool adopted son Myhetta. But how far down the road of revenge will Rafael push the young man who owes him everything? Myhetta is poised on the edge of controlling Destino Enterprises, the job he has been groomed for. While money, power and influence are his to command, the past continues to torment him. In a clash of powerful men, with fathers pitted against sons, no one will be left unscathed. Maelstrom is a page turner that speeds along like a runaway train.
