

Nightglow (Forever

Nightglow is about to be introduced to the world. Dunn wants freedom for his kind and hes willing to walk the runway once again, wearing the heat sensitive, ultraviolet jewelry that makes physical contact with humans too hot to handle. The mayor wants Nightglow to put the city back on the map. Acting as the citys liaison, its Cate Auburns job to make the premiere of Nightglow a success. Only one hitch, drop-undead-gorgeous Dunn is drawing her to the dark side. Shes never had a vampire lover, but her life is about to take a dramatic turn. Cate is lush, hot and pulsing with everything Dunn wants. Loving her comes easy. Forever is difficult.
