

Out of Ashes

Being followed around by a crazy stalker, Kane River is not sure what to think. Her suspicions only grow when said stalker claims that she is one of the last of a mythical race. And to top it all off, the Draxon Coven is out for her heart for its youth granting properties. Poor Kanes world is turned upside down when she is forced to go on the run to save her life. Will she be able to out run the reach of the Covens arm, or will she lose her new found friends in the process?
