The wrong place. The wrong time. One wrong move could get her killed. Candy Nelson: Candy has wandered into a nightmare -- a slave auction in Southeast Asia. Things like this dont happen -- not in the twenty-first century. She isnt supposed to be here. She needs to get out. Now. But from across the room, a mans eyes meet hers, and Candy knows shell do whatever it takes Terry Bradford: Male Escort. Terry needs money, fast. So he answers an ad on the internet. Six thousand Euros for a weeks vacation in France, all expenses paid, entertaining Lady Elizabeth at her private villa. Sounds like the perfect plan, right? After all, its just sex. Then he meets a woman in the airport -- a woman who will make him question everything he knows about what is means to be a man. Richard Marten: Anis stressed. She really needs to forget her asshole boss, Richard. (Candys asshole ex-husband). She also needs to get laid. (The two dilemmas are soooo not related.) Crystals got a membership at The Fetish Club. Two girlfriends. One bottle of tequila. And a charity auction... How bad can it get? Crystal wants Ani. Ani wants revenge. Richard has the Victorias Secret underwear?
