

Cosmic Lovers

A true love adventure set in Ireland. Cosmic Lovers is a profound, powerful and inspiring story of a whole new approach to relationships. In a rich, colourful and entertaining way, it answers two key questions, How do I find my Soul Mate? and What to do when I've found one? I was entranced, entertained and educated on every page. What an honour to be a fly on the wall witnessing this utterly unique dance of intimacy, freedom, creativity, honesty, pain, joy and much more besides, spiral into a sensuous blending of the ordinary with the extraordinary, the mundane with the mystical, the irreverent with the sacred! ... This is a must read for anyone aspiring to a higher, more meaningful relationship. A bound-to-be modern classic. - Ann Clare McCarthy. A uniquely inspiring and refreshing book which provides privileged insights into the workings of an extraordinary love and companionship. I enjoyed every word of it and I never wanted it to end. - Charlotte Cargin.
