

What the ton doesn't know... During the years since Randall Cheltenham, Marquess of Falconbridge, last saw Cecelia Thompson, he has turned into a dissolute rake. Catching sight of her now, bittersweet memories threaten to shatter his carefully constructed facade. Although in the eyes of the ton Cecelia is a wealthy widow, in reality she has barely a penny to her name. Randall seems to offer a safe haven, but how can she trust a man who has hurt her before and who seems to have only become darker with the passing of time? Lee's novel hits the sweet spot. --RT Book Reviews on Engagement of Convenience
