

The Rise of Memphis April Chronicles (Rebel and a Saint Book 4)

It was so damn sexy to have a man look at me as if I was the last meal he'd ever eat. Crazy things happen when you take on the challenge of a lifetime. And it happens damn fast, too. Jane finds herself in the middle of something that both horrifies and enraptures her at the same time and she fears she's gone too far in her little game. The experience is so erotic yet completely unexpected that she questions the thrills and agony of living a double life. But the debate doesn't last long, when she seizes a chance to take her cheeky disguise out of the Hot Horizon Hotel. Before long, she's playing with poison again. A sexy hunk with muscles in all the right places has her taking an uncharacteristic risk. While riding her now familiar euphoric high, Jane runs into trouble that just may expose her for who she really is. Is Jane's double life about to unravel?
