

## Hallowed Bond (Chronicles of Ylandre Book 2)

Time and circumstances may force true lovers apart but the tie that binds them can never be fully severed. When Dylen Teris and Riodan Leyhar meet one harsh winter in the dual-gendered realm of Ylandre, neither expects the encounter to lead to a fast friendship and abiding love. For a chasm of vastly dissimilar social stations lies between them, and not all Deira could imagine, let alone accept, such a relationship. Circumstances eventually separate them for what seems forever only to conspire to bring them together once more in the most unlikely of places at the court of Rohyr Essendri, Ylandre's powerful monarch. Complicating their situation is the attraction that still lingers between them, waiting to flare once more into love. But when one is unwilling to venture his heart again or wholly forgive its breaker, it may take a king's interference to reunite these star-crossed lovers for good.
