Sexting has become something of the norm in modern day relationships. Its the perfect way to keep a great sexual chemistry alive even when your partner is out of reach. Not only has it given us a tool to maintain our sexual relations long distance but it has opened up a whole new dimension in our sex lives. Create something magical Men in particular respond extremely well to sexting as you can probably imagine. Being able to keep him aroused throughout the day will only enhance his sexual appetite and will truly create something magical when you finally see him after his long day at work. Safety First! I am sure youve heard all the celebrity horror stories of indecent pictures being scattered around the internet and the fearsome revenge porn but Im here to tell that sexting can be extremely safe and fun. Despite this, precautions have to be taken which is why I have dedicated the first chapter of this book to keeping you safe while sexting. If you follow the information and you use some common sense you will be fine and sexting can be just another tool in your arsenal to help build that incredible sex life.
