

Snow Falls

Jennifer Kincaid, on her way to a writers workshop in the Colorado mountain town of Lake City, gets lost and is stranded by an avalanche. Catherine Ryan-Barrett, running from the fame and fortune of her family name, wants nothing more to spend the winter alone and sequestered in her high mountain cabin. She is not prepared for a party crasher. After spending two months together, they form an unlikely friendship that deepens even further. But after the spring thaw, Jen returns to her life in Santa Fe and to the man who wants to marry her. All she knows of the woman who rescued her is her name... Ryan.
