

RealTime Coaching

RealTime Coaching is a how-to manual for every manager, executive, or leader who is responsible for getting the work of the organization done with and through the cooperation of other people. In RealTime Coaching you'll find a solid, practical theory of why people do what they do, you'll see coaching in action in four vivid coaching sessions, you'll learn a simple straight forward coaching model, and you'll have the opportunity to discover the values that motivate you and how to adapt your behavioral style for effective coaching.
