

Loving Lucky Hope

Lizzie Meadows decides to take her teenage daughter on holiday to a hotel near the sea in the hope of reconnecting with her. As soon as they reach the hotel room, Alice-Lizzies daughter-breaks a table in a temper. Lizzie goes in search of the manager and is introduced to the owner of the hotel, Lucky Hope. Lucky agrees to support Lizzie and gives Alice work in the hotel to pay for the breakage. Alice is reluctant at first but once she meets Luckys son, Adam, she is more interested in helping out. With their teenage children occupied, Lizzie finds herself in the company of Lucky more and more. The two women bond over several commonalities and Lizzie finds the holiday to be one of the most wonderful, relaxing and fun-filled experiences she has had in a long time and all because of Lucky. Everything changes for both women when revelations stun them both in different ways. Alice reveals the reason for her recent upset-she knows that her father has been having an affair. Lizzie is stunned and sickened and vows to leave him immediately. Lucky too suffers an upset when her long-term partner disappears with all of her money, leaving her in trouble with the hotel business. Lizzie and Lucky bond over their individual problems and begin to help each other through the ordeals. Once they have come up with a plan which helps them both, they are then faced with the other issue which they have been choosing to ignore-the burning attraction between them. Can Lizzie and Lucky find their own happy ending? Find out in...Loving Lucky Hope.
