

Stringer and the Deadly Flood (The Stringer Series)

Everyone knows that Saltons Sink is the driest patch of greasewood in the whole damned Colorado Desert. So when a slick land syndicate promises cheap water to a pack of greenhorn settlers, Stringer is more than a mite suspicious. One booze-thirsty engineer knows the truth about International Irrigation, but hes six feet under with a chest full of lead. Just a drunks bad luck? Maybe, but Stringers hanging on to his Winchester. Because in the Colorado Desert, the cheapest piece of land a man can buy is an unmarked grave.
