Her greatest thrill is spending her summers with her archeologist aunt and uncle on digs around the world. And one day, while investigating a newly unearthed temple in Crete, Zoe discovers a luminous artifact that transports her to ancient Greece. As Zoe quickly learns, the Olympian Gods are real, living people humans with mysterious powers. Powers that Zoe quickly realizes she has come to possess, as well. However, when the people of ancient Greece mistake Zoe for an Olympian, the Gods must restore the balance of the ancient world No matter what. Zoe is forced to play a confusing and dangerous game as Hera rallies the gods against her all except for Zeus, the beautiful, winged young god who risks everything to save her.
