

The Eden Connection: Feel Better, Look Younger and Live a More Energetic Life

(Beyond the Superfoods diet to Complete health, feel younger next year) There is a Reason Why We Experience So Much Sickness and Disease and There Is a Solution In a day and age when cancer affects nearly half the population, cardiovascular disease is an everyday occurrence, and dementia continues to rise, reversing these trends appears to be impossible. Even the odds of living a prescription-free life are quite improbable today. Obviously, something has gone wrong. What we are doing isnt working. The church is no exception to this. We understand that we are counted responsible before God for our thoughts, speech and actions, but somehow there is a disconnect regarding our responsibility for the care of our bodies. God has provided everything we need to maintain and sustain the body, and He has given us the responsibility for the care and condition of our health. So what do we do? The solution is quite simple. Though we cannot go back to the Garden of Eden, The Eden Connection provides 8 practical steps that support the bodys design by merging the health provisions offered at creation with todays culture. You are invited to journey through these Action Steps to ensure better personal health and wellness, all the way into your retirement years.
