

## The Rainbow Cedar

As interior designer Jay Burns watches her long-term relationship slowly unravel, she runs into - literally - landscape designer Drew Montgomery. As their paths cross, both professionally and personally, a friendship develops, one they each try to maintain despite the obvious attraction between them. But still, Jay is not willing to throw away an eight-year relationship, even when it becomes painfully obvious the end is near. *The Rainbow Cedar* is the journey of one woman struggling with the loss of love and commitment from one, and the possibility of finding it all again with someone new.
