

## Tools of Justice (The Dreaming Book 1)

Book one in The Dreaming Series One cop. One killer. Both dreamwalkers. Not every dream should see the light of day... Three very different people have one thing in common-a dreamscape steeped in horror. Barry has had dreams of violent death all his life, and as a cop, he now works to solve the crimes his dreams tell him about in hopes he can save at least one victim from suffering the fate he faces every time he lays his head on his pillow. His ex-lover, Tagnow his boss has no idea how to help him cope other than to protect his job...and try to protect their hearts from the dreams that could end up killing them both. Leyton welcomes the dream state that shows him his next victim. Hes been a killer for as long as he can remember, and the land where he walks in shadow beside the horn-headed man who guides him feels more like home than the waking world. Now, in addition to seeking out those who would kill the innocent and ending their lives in his own special reign of terror, Leyton is promised a bridesomeone to love him forever. It seems everything hes ever dreamed is about to come true. Jessica just wants to get her life back after her boyfriend is murdered and she is abducted. Twice. Finding herself at Leytons mercy is a nightmare she soon finds is only the very beginning. When the horn-headed man visits her, she knows nothing will ever be the same again. The four of them now have to find a way to navigate the real world while the dream state dictates their very lives and threatens everything they hold dear. If they manage to catch a few killers and save a few innocent lives along the way, that will have to be their compensation for the gifts given by The Dreaming.
