

10 Commandments for Women in a Relationship

[The green-cover version of 10 Commandments for Women in a Relationship has the exact same content as the red-cover version.] Its not common for a woman to get practical, simple and concise advice on how to better a relationship with her partner, told exclusively from a mans perspective. 10 Commandments for Women in a Relationship is a secular, informative and unconventional approach to the subject by an ordinary guy who has had his share of practical experiences, shortcomings, ups and downs, wrongdoings and good deeds. In todays complex world--exemplified by two-income households, an unstable job market, high-tech gadgetry and gazillions of entertainment options--it is more difficult to maintain a happy relationship than ever before. Therefore, it might be good to take a step back and look at the basics: simple customs and standards that have stood the test of time. What is the best way to make a relationship better? The solution is different for everyone, but the basics do not change. Whether you are just starting a relationship or have been in one for many years and you want to stay with your current partner, the simple yet modern and unconventional tips outlined in this book will help you immensely.
