

Unleashed: Hot Alpha Romance, Volume 3

New York, the city that never sleeps. Especially when you're there as part of a no-holds-barred bargain to serve your master. Declan I have her now, right where I want her. Mine, for the week in New York. The ultimate city to play in and the one I'd always wanted to play with. And now I have the money to give her everything, VIP at the hottest spots in town, waited on hand and foot at the poshest restaurants and spas, lavishing her with jewelry and a custom-made gown for a gala at the Met. I want to surround her with every luxury. But not because I'm a good man. I'm not good at all. It's been six long years since I lusted after her as a penniless ranch hand. I haven't just grown rich over those years. I've also become a master at domination, experienced in all of the wicked ways to wield power. Now I have the week to torment her the way she tormented me. She's new to all of this, innocent, but she's so responsive, so eager. This week, she's going to submit to me in every way. And she's going to love it. I won't rest until I make her beg, again and again. When a good girl should say stop, Kara's going to beg me for more. Kara It feels like a fairytale, swept off to New York City in a private jet, a gown tailored to me for a black tie gala. Celebrities and Broadway shows and opulence beyond my wildest dreams. But if this is a fairytale, Declan is the beast. Dark, powerful, commanding every fiber of my being. He torments me. Blindfolded, bound, quivering and panting, I don't recognize myself. I should fight it. But I love every second of it. I crave it. I never know what he'll do next. Each level he takes me to, I find myself begging for more. The rational part of my brain knows this all has to crash and burn. Our two worlds can't mix. This is nothing more than an arrangement, bound to end after the ball at the end of the week. Like Cinderella, only Declan is no prince. There isn't going to be a sweet happy ever

after. But I cant turn away. When the flames lick and burn so good, I cant resist. All I can do is strip down and offer myself into the heat. NOTE: Unleashed is a four-volume story launching the Beg for It series about the hot, alpha males in Declans family and the battles they wage with the strong, sexy women who make them finally meet their match.
