

## Montana Healing: Cowboy Western Short Story Romance

There's more happening at the Pine Ridge Ranch than what first meets the eye. For beginners, one of the owners, Paul Anderson, recently had a rodeo accident and requires the assistance of a qualified therapist. He hires John Mathis from New York, who agrees to come to Montana and work with Paul as long as he can bring his sister along. She's a workaholic who recently lost her job and could use some healing of her own but she has no desire to be in the country. Ted Anderson is Paul's brother and is somewhat of a nomad travelling here and there, but Paul's accident has brought him back home. Can those who need it most find healing?
