

Yoga Vasistha, Vol. 4: Nirvana Prakarana Purvardha

Yoga Vasistha encompasses in its powerful literature the dramatic stories of the inner states of the mind, and like a brilliant advocate, presents its brief with a convincing voice, expert phrasing, and with its mystic strategy convinces the mind to undermine its fancies and imaginations leading to the realization that the world lies within the mind. Nothing is more inspiring and soul-stirring as when the mind lifts itself from the quagmire of false perceptions of the senses, and sees the contents of waking, dream and deep sleep as the refractions of the Light of Consciousness filtering through the layer of egoistic illusions.
